DETAILED ACTION

Election/Restrictions

1. Claims 1-5 and 9-15 are withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected species, there being no allowable generic or linking claim. Election was made **without** traverse in Paper No. 6.

Information Disclosure Statement

2. The information disclosure statement filed 12/20/00 fails to comply with the provisions of 37 CFR 1.97, 1.98 and MPEP § 609 because applicant failed to include the author, title, date, pertinent page(s) etc. for most of the documents cited in the "OTHER PRIOR ART" section of the IDS. It has been placed in the application file, but the information referred to therein has not been considered as to the merits. Applicant is advised that the date of any re-submission of any item of information contained in this information disclosure statement or the submission of any missing element(s) will be the date of submission for purposes of determining compliance with the requirements based on the time of filing the statement, including all certification requirements for statements under 37 CFR 1.97(e). See MPEP § 609 ¶ C(1).

Claim Rejections - 35 USC § 102

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Art Unit: 2835

4. Claims 6 and 7 are rejected under 35 U.S.C. 102(b) as being anticipated by Ma. With respect to claims 6 and 7, the apparatus of Ma teaches a handheld electronic computing device comprising a body portion having an alphanumeric keyboard (2); and a display portion pivotally coupled to the body portion and having a constantly visible display (1) wherein the alphanumeric keyboard is concealed by the display portion when not in use as claimed (see for example figures 1-4 and column 1 line 52 through column 2 line 40).

Allowable Subject Matter

5. Claim 8 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

6. The following is a statement of reasons for the indication of allowable subject matter: as to claims 8, the prior art of record neither teaches nor fairly suggests a display portion being pivoted relative to the body portion in a plane that is generally parallel with the alphanumeric keyboard as claimed.

Conclusion

7. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Please note the handheld devices of Evans, Kumar et al., Ma, Coulon et al., Boothroyd et al., Bartlett et al., Nobuchi et al., and Shioya et al..
